SERVICE	HOW WE CAN HELP
<i>Research expertise</i>	<ul style="list-style-type: none"> • Social, emotional, & behavioral health • Study design & implementation • Product testing for feasibility, usability, & accessibility • Data collection, analysis, & reporting • SBIR grant application & submission
<i>Consultation</i>	<ul style="list-style-type: none"> • <u>Identify surveys</u> to assess particular areas (e.g., empathy, school climate, reading level, academic motivation) • <u>Design a study</u> to answer specific questions (i.e., hypotheses) • <u>Recommend research methods</u> (e.g., how to recruit participants, frequency of data collection)
<i>Grant submission</i>	<ul style="list-style-type: none"> • <u>Identify grant sources</u> at the federal level for your proposed research & development goals • <u>Assist with grant writing</u> for a federal grant mechanism to NIH, CDC, or DoEd • <u>Fully prepare & submit an SBIR grant application</u> to NIH, CDC, or DoEd (cost sharing for grant writing available for joint submissions)
<i>Human subjects approval</i>	<ul style="list-style-type: none"> • <u>Prepare your application</u> to an Institutional Review Board (IRB) for research involving human subjects • <u>Submit the IRB application</u> for review through 3C Institute's federally registered IRB • <u>Provide oversight regarding IRB compliance</u> throughout your study
<i>Analysis & Reports</i>	<ul style="list-style-type: none"> • <u>Manage databases</u> (cleaning, organizing, and concatenating data files along with creating a codebook for each variable) • <u>Create statistical analysis programs</u> (e.g., SPSS syntax file) to answer specific hypotheses • <u>Conduct statistical analyses</u> to answer specific hypotheses • <u>Prepare summary report of results</u>, including answers to specific hypotheses

Research Services Example Projects

SERVICE	Program Evaluation	SBIR Grant Submission	Product Testing
<i>Research objective</i>	Evaluate the effectiveness of an afterschool program	Prepare and submit a small business grant application	Test a new technology product for students
<i>Research expertise</i>	<ul style="list-style-type: none"> • Social, emotional, & behavioral health • Study design & implementation • Data collection, analysis, & reporting 	<ul style="list-style-type: none"> • Study design & implementation • SBIR grant application & submission 	<ul style="list-style-type: none"> • Study design & implementation • Product testing for feasibility, usability, & accessibility • Data collection, analysis, & reporting • SBIR grant application & submission
<i>Consultation</i>	<ol style="list-style-type: none"> 1. Identify which program outcomes to assess 2. Select surveys for each assessment area 3. Determine number of participants needed 4. Administer surveys to teachers & students 	<ol style="list-style-type: none"> 1. Discuss different funding options 2. Select appropriate grant type (SBIR Phase I) 	<ol style="list-style-type: none"> 1. Design observational study with students using the product in a classroom setting 2. Record student behavior 3. Administer product evaluations & run focus groups
<i>Grant submission</i>	–	<ol style="list-style-type: none"> 3. Set up website accounts 4. Prepare all documents and forms, including scientific approach, literature citations, & budget with justification 	–
<i>Human subjects approval</i>	–	<ol style="list-style-type: none"> 5. Prepare IRB application 	<ol style="list-style-type: none"> 4. Prepare IRB application & submit to 3C's IRB 5. Provide human research protections oversight
<i>Analysis & reporting</i>	<ol style="list-style-type: none"> 5. Collect the data & organize the database 6. Conduct simple statistics 7. Summarize & report findings 	–	<ol style="list-style-type: none"> 6. Collect the data & organize database 7. Conduct simple statistics 8. Summarize & report findings
Total Cost:	\$6,050	\$12,500	\$14,900
