

Looking to scale up your evidence-based program?

You've worked hard to develop a program that improves lives. Our **custom online technologies** can help you reach more people and maximize your results.

"We've been working with 3C Institute since 2003, and it's been a great run. Our program (cdipsych.org) is much larger and broader and has spun off into other programs as a direct result of our work together."

David Kupfer, MD
Professor of Psychiatry
University of Pittsburgh
School of Medicine

WHY 3C INSTITUTE?

Behavioral Health Research

Our research scientists have extensive experience developing and delivering evidence-based behavioral health and education programs around the world.

Collaboration & Customization

Our research, media, and web development experts partner with you to understand your program and customize a personalized learning experience that fits your needs.

Results

Our program development and delivery methods are proven to increase the reach, engagement, and impact of your program.

HOW WE CAN HELP

- Personalized e-learning
- Child-friendly data collection
- Implementation support

Let us help you share your program with the world!
